City:	
Phone:	
Fax:	
Contact Person:	
Email/ web address	
Electrical Access:	Preferred / Not needed

What age of volunteers are you looking to recruit? High school 55+seniors any (circle)
Do you have an interactive demonstration? If so, what it is?

Please write a brief paragraph about your program and some of the opportunities available to volunteers. This information will be included in the Volunteer Fair Program available to the community.

Event notes:

- We recommend having at least 2 people tending to your table and would encourage at least one to be a current volunteer! While we get paid for what we do, having someone who currently invests their time with your program as a volunteer can be great PR and “salesman” for us!
- Please consider bringing a drawing gift and supplies for your table. You would draw your own winner after the event and arrange for the winner to receive the item won. Please do not bring items to sell or raffle.
- Community people attending will receive a paper listing participating organizations. Exhibitors will have stickers to mark the paper of those who visit their table to hear about your volunteer opportunities. Encouraging attendees to visit multiple tables, papers with 12 or more stickers collected will be eligible for a Grand Prize Drawing given by the committee.
- Interactive, colorful, fun event. We encourage pictures, brochures, demonstration materials, etc. Please help promote this fair by spreading the word to your current volunteers and any other appropriate agency.
